

Death is the Ultimate Truth. So, From Beginning of civilization Scientists are searching one Answer-When Will the Earth End ?

There are many theories. One of them is an Asteroid that can fall from space. This theory is the most acceptable theory of **Dinosaur extinction**. But According to Stephen Hawkings, Before earth humans Will be replaced By Their own AI Robots. Eventually They will make them and soon will become the ruler of the earth. Other than These, persons like **Elon Musk** is preparing to stay in Mars as earth will be not safe, according to them. Another Theory Explain That One Day Aliens will find out a Way to Earth and Attack it. Theory of Relativity, Explained that one day Sun Will Pull Earth into him.

But Don't Worry, These are the theories. Just **protect Earth and Enjoy Nature**.

Topline-The End of Earth
Bottomline-All Theories
